Useful OGC web services

There a number of agencies providing datasets via web services, one of the main problems is simply finding them. If you know of one that is useful to NZ QGIS users, please add it here, so others can find and use it.

Service type(s)	Agency	Description	URL
WMTS	NIWA	River Environment classification v2.0 800,000 freshwater reaches throughout NZ non-queryable attractive WMTS layer	http://gis.niwa.co.nz/arcgis/rest/services/HYDRO/REC_rivers_lakes/MapServer/WMTS?
WMS	NIWA	River Environment classification v2.0 800,000 freshwater reaches throughout NZ queryable WMS layer	http://gs.niwa.co.nz/rec/wms
